

Lubrita DEO UHP LD 10W-40

An eminent fuel economy diesel engine oil

ST-CVL-4039

Heavy duty diesel engine oils

Product Description and Benefits

An eminent fuel economy diesel engine oil based on the actual additive technology combined with very special mineral and synthetic base oils. This results in the following properties for this engine oil:

- a very powerful detergency prevents deposits in the engine
- a very strong dispersion that prevents from precipitation and sludge
- a powerful activity against corrosion and foam
- a high natural viscosity index
- a high sulphated ash number
- a powerful activity against wear resulting in strongly reduced wear of piston-rings and cylinder-liners
- a lower fuel consumption
- longer oil drain intervals

Application

This fuel saving lubricant has mainly been developed for heavy duty diesel engines even under the toughest operation conditions and all the year round. This product is very suitable for EURO II to EURO VI engines in combination with different diesel fuel qualities. This engine oil is also suitable for application in engines with or without exhaust catalysis.
