

Lubrita Marine 4T Outboard 10W40

Four stroke engine oil for outboard application

NS-OUB-4256

Outboard - Boats oils

Product Description and Benefits

A four stroke engine oil for outboard application, formulated with carefully selected high quality base oils and special four stroke additives to achieve the following properties:

- a perfect lubrication of all motor parts
- a very active detergency, resulting in a cleaner motor compartment
- good cold start properties
- a very strong activity against wear, oxidation and corrosion
- excellent shear stability

Application

This four stroke engine oil is special advised for the lubrication of high speed four stroke engines under heavy duty load. Because four stroke outboard engines require other properties for engine oils, this oil is not suitable for use in passenger cars. This engine oil meets the newest requirement for outboard engines of the NMMA.

Lubrita Marine 4T Outboard 10W40 Extra meets the following performance specifications:

Meets the requirements of NMMA FC-W

Typical Analysis

| Property | Unit | Typical Value |
|-------------------|--------------------|---------------|
| Density at 15°C | kg/l | 0,876 |
| Viscosity -25 °C | mm ² /s | 6230 |
| Viscosity 40 °C | mm ² /s | 89,40 |
| Viscosity 100 °C | mm ² /s | 13,40 |
| Viscosity Index | | 151 |
| Flash Point COC | °C | 218 |
| Pour Point | °C | -36 |
| Total Base Number | mgKOH/g | 7,7 |

Health and Safety

Based on available information, this product is not expected to produce adverse effects on health when used for the intended application and the recommendations provided in the Material Safety Data Sheet (MSDS) are followed. MSDS's are available upon request through your sales contract office, or via the Internet. This product should not be used for purposes other than its intended use. If disposing of used product, take care to protect the environment. Lubrita check oil level design is trade mark of PMM Ltd. or one of it's subsidiaries.
