## Motocycles 4T&2T engine oils

With today's modern race and road bikes, lubricants have to work harder than ever to ensure optimum performance and reliability. To achieve these demanding criteria, Lubrita has succeeded in developing a sophisticated range of products to cater for every application to include all 4T&2T stroke engines. The motorcycle range covers road bikes, off road bikes and both modern and classic scooters.

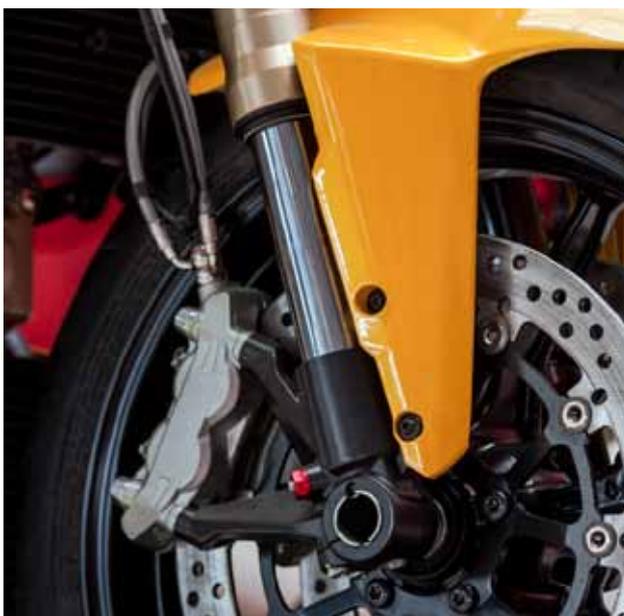

Using the correct lubricant is essential in ensuring the long term reliability and protection of your engine. Every Lubrita product is engineered to perform a specific task, assuring you of the highest performance for your own individual requirement.
